

# 2025 LINE CARD

For more than 75 years, Air Equipment Company (AEC) has provided solutions for engineering applications. Our Engineering manufacturer line card includes over 20 manufacturers, most of which are leaders in their class.

Air Handling, Heating, Cooling

Air Handling Units  
Condensers & Condensing Units

Variable Frequency Drives

Air Handling Units  
(Custom & Modular)

IAQ Monitoring  
Ionization

Displacement Induction Ventilation  
Chilled Beams

Dehumidifiers

Air Handling Units  
(Custom & Modular)

Water-Source Heat Pumps

Industrial Humidification Systems

Custom & Modular Air Handlers  
Water Coils

Outside Air Monitoring  
and Control Systems

Fan Coil Units

Air Handling Units  
(Custom & Modular)  
Fan Coil Units

Air & Water Cooled Chillers  
Variable Refrigerant Flow Systems

Air Handling Units  
Dehumidifiers

Modular Chillers

Flow Meters

Critical Airflow Controls

Coalescing Air Separators

Fans and Blowers

Air Handling Units  
Chilled Beams

Modular Central Plants

Dehumidifiers  
Packaged Rooftop Units

Air & Water Cooled Chillers  
Air Handling Units  
Condensers & Condensing Units
